- Please be courteous to each other. Do not speak unless recognized by the President or the Zoom-meister. Do not interrupt.
- In the upper right-hand corner of your screen you may choose between gallery view, which is sometimes called the “Brady Bunch” view, and speaker view. Your experience at this meeting will be better if you choose Speaker view – this view will feature the speaker.
- At the bottom of the screen, you may choose to look at the Participants list. In the participants list if you hover over your name, to the right a “More” button will appear –

clicking it will let you change your name and profile picture. Please make sure to rename yourself to your actual name so we can register your participation in this meeting

- Also, at the bottom is the Chat button. You may send messages to persons directly or to everyone from here.
- In the lower left of the screen you can mute yourself and turn your video on and off. We ask that you voluntarily mute yourself until recognized by the President. If your internet connection isn't so good or you're using an old computer you may want to turn off your video – we find that this helps.
